**STATEMENT OF OBJECTS AND REASONS.**

For the purpose of improving the administration of Part B States and for placing them, as far as possible, on a par with Part A States, it is necessary that all the more important Central Acts falling within the Union and Concurrent Lists should be extended to Part B States also. With this end in view, a number of such Central Acts have already been extended to Part B States generally, or to Part B States except the State of Jammu and Kashmir, as the case may be, according to the legislative competence of Parliament, but a large number of Acts still remains to be similarly extended. Moreover, with the financial integration of Part B States, the Central Government has assumed responsibility for the administration of various subjects in those States, and it is, therefore, a matter of some urgency that the remaining Central Acts requiring to be extended are extended to Part B States as soon as possible.

2. The present Bill is intended to give effect to the above proposal. The Acts and Ordinances listed in the Schedule to this Bill have been prepared in

consultation with the administrative departments concerned, and the views of Part B States with regard to the extension of these Acts and Ordinances have also been obtained.

**FINANCIAL MEMORANDUM.**

The President's Pension Bill, 1950 contemplates the grant of a pension of Rs. 15,000 per annum subject to income-tax, to all retiring Presidents and also to the last Governor-General for life. #### STATEMENT OF OBJECTS AND REASONS

Clause (5) of article 89 of the Constitution provides that the representatives of the States specified in Part C of the First Schedule in the Council of States shall be chosen in such manner as Parliament may by law prescribe. According to the Table of Seats contained in the Fourth Schedule to the Constitution [as amended by the Constitution (Amendment of the First and Fourth Schedules) Order, 1950 issued under article 391], there have to be ten representatives of Part C States in the Council of States, of which four have been allotted to Vindhya Pradesh, one each to Bhopal, Delhi and Kutch, one to Ajmer and Coorg, one to Himachal Pradesh and Bilaspur, and one to Manipur and Tripura. The Bill seeks to amend the Representation of the People Act, 1950, to introduce therein provisions as to the method to be adopted for the choosing of representatives of such States in the Council of States. It is proposed that the seat allotted to the States of Manipur and Tripura should be filled by a person nominated by the President every second year to represent the State of Manipur and the State of Tripura in rotation. The seats allotted to other Part C States are proposed to be filled by election in territorial constituencies by special electorates constituted for the purpose consisting of elected members of local authorities and persons who have passed the matriculation examination or other equivalent examination. A combined electorate for the States of Ajmer and Coorg which have been allotted only one seat between them will not be satisfactory. A special provision has accordingly been included for filling this seat by rotation by holding election every two years in the State of Ajmer and in the State of Coorg.

The Bill also seeks to enact the provisions of the Representation of the People (Amendment) Ordinance, 1950 which was promulgated on the 17th

day of October, 1950. This provides for the preparation of the first electoral rolls in relation to such electoral units in each State as the Election Commission may in consultation with the Government of that State direct, and also for the preliminary publication of the electoral rolls by reference to such electoral units instead of constituencies which have not yet been delimited. It also provides that after each constituency in a State has been determined and the claims and objections in respect of the electoral rolls for all the electoral units or parts of such units as comprised in such constituency have been disposed of, the rolls shall be published as the electoral roll for such constituency. These provisions which are designed to expedite the final preparation of electoral rolls and under which action has already been taken in a number of States require to be confirmed by Parliament.

It is hereby declared that it is expedient in the public interest that the provisions of clauses (a) and (b) of section 3 shall have immediate effect under the Provisional Collection of Taxes Act, 1931 (XVI of 1931).

#### STATEMENT OF OBJECTS AND REASONS

After the devaluation of the rupee in September, 1949, it had become necessary to impose certain new export duties and enhance some of the existing ones in view of the disparity between Indian and world prices. Powers for this purpose were originally taken by Ordinance No. XXV of 1949. The outbreak of war in Korea and subsequent world events have once again resulted in a wide disparity between the internal prices of some of our export commodities and the prices at which they are sold in overseas markets. In order that this disparity may not inflate the already high level of general prices in India and in order that the maintenance of control over the price of commodities for which maximum prices have been fixed by law is not made difficult by the higher prices offered by foreign buyers, certain new export duties were imposed and some of the existing ones were increased by Ordinances Nos. XXX and XXXII of 1950.

2. The objects of the present Bill are:

- (i) to secure the continued levy of the duties on raw wool, raw cotton, cotton waste and hessian, which were imposed by Ordinance No. XXX and Ordinance No. XXXII of 1950;
- (ii) to enhance further the duty on hessian as subsequent experience has shown it to be not high enough and to increase the existing duty on sacking; and
- (iii) to arm Government with powers to impose similar duties in the case of commodities not already subject to export duties and to enhance them where such duties are already in existence in case emergent circumstances necessitate such a course.
